# INSTANT MISO SOUP

easily prepared, & delicious

From  Japan

Muso Instant Miso Soup is a delicious vegetarian soup with surprising savoriness, made with miso and blended with wakame and green onion. The soup is easily prepared by adding boiling water. The main component, soybeans, is an excellent source of natural protein.

It is easy to digest because the protein has been partially broken down into amino acids through the natural fermentation process. Miso soup has been an indispensable staple in Japan since ancient times and it tastes delicious!
